RE: Petition 98P-0151/CP1

I am writing to you to urge you to grant the petition number 98P-0151/CP1. This petition will prohibit the slaughter of the downed animals.

It is very, very sick what is done to these poor animals. It is a sickness that I would think was not what the human race was about at this time in the human clock.

With all that is going on in Europe with the cow sickness why would you allow poor sick animals to be pushed into the market, let alone the torture that they suffer.

I don't care if you are Democrat or Republican, this Sir is just plain wrong!!

Thank-you.
